N-STEMPS Support Yellowstone River 2016 2-9-15 DEQ.docx

Hi Tina;

I have incorporated the changes you asked for, I hope they are enough...if not, just let me know and I can modify again.

Thanks, Mike

Mike,

See Stephanie's email below. Could you please include a few detailed bullets that highlight the specific changes made to the model? Thanks!

The plan is to share the document (with the detailed bullets) with HQs management on Thursday. Appreciate the quick turnaround on this.

Tina

Subject: RE: NSTEPS request for the Yellowstone Review

Hi Tina! I had the chance to look things over- everything looks good to me. The only thing I would suggest is perhaps providing detailed bullets on the changes made to the model since the first review, so it is clear to the reviewers what has changed etc. Im sure you were planning to do this in the review questions, but figure the contractor may need them to provide a cost estimate. Passing this information on to Tiffany and will speak with Dana by Thursday.

Thank you for submitting!

Steph

Subject: NSTEPS request for the Yellowstone Review

Stephanie,

Attached is the NSTEPS request for Montana for the Yellowstone. Please note that I highlighted in yellow the hour/ cost estimate b/c I wasn't sure what to include.

Thanks for forwarding this along. If you could please give me a sense of when we might expect to hear whether or not you can support this request, that would be great! Thanks for your consideration.

Tina
